I will need to get back here for a meeting at 9:45; would it be possible to meet here at the OC instead? If so. 9am should work.

Yes through the 3 glass doors heading south. My office is just around the first corner to the left in A building.

No, I am in the attached A-building at the level of the receptionist (called A2). Should I describe in more detail?
Roger

Roger, how do I get to your office? Are you in the R&D Tower?
